Amy,
Thanks, I just wanted to make sure I wasn't missing an action that I need to be taking to bring this info into our COP.
Appreciate the quick response!
V/r
Chris

Hi Chris,
We typically get our deport data points and summaries from our Secretary's Operations Center. They receive a roll up from our other federal partners through our information management branch so the field RECs get this info pretty quick. We can also request this info ad hoc if we sense an emerging event so they are pretty supportive and user friendly for us. We also have access to SMEs depending on the threat who are readily available to talk us through focus areas of concern if needed.

We wouldn't discount additional info if you sent it to us! It takes a village...

Thanks,
Amy

Thank you ma'am! I'm sitting with Patrick at the RRT6 meeting. We were talking about the data contained in this report. My question for you is whether the RECs/RIST members can access these data elsewhere, or if we (FEMA) need to obtain it directly from Patrick each time? I don't want to duplicate (whether that's duplicating your SA efforts or EPA's) but I don't want to be without the info, either.

Thanks,
Chris
